

# Evaluation of the National Disability Insurance Scheme (NDIS)

Flinders  
UNIVERSITY

inspiring achievement

**Have you decided not to join the NDIS?**

**Have you been told you can't join the NDIS?**

We want to hear from people with disability or a mental health condition (and family members/carers) who live in an NDIS trial site in New South Wales, South Australia, Tasmania, Victoria or the ACT, **but who have not joined the NDIS.**

We would like to speak with you for 60-90 minutes on your own or as a part of a focus group of up to eight people with a disability. You will be given \$50 to help you take part.

We want to find out how satisfied you are with your supports, what you think about the NDIS, and any other issues that concern you.

We will keep everything you tell us private.

If you would like to take part in an interview or focus group please contact us on freecall 1800 265 648 or email us on [ndisevaluation@flinders.edu.au](mailto:ndisevaluation@flinders.edu.au).

If you would like to learn more about the Evaluation you can visit our website <http://ndisevaluation.net.au>.
